Sample document generated locally for the Bindery demo.
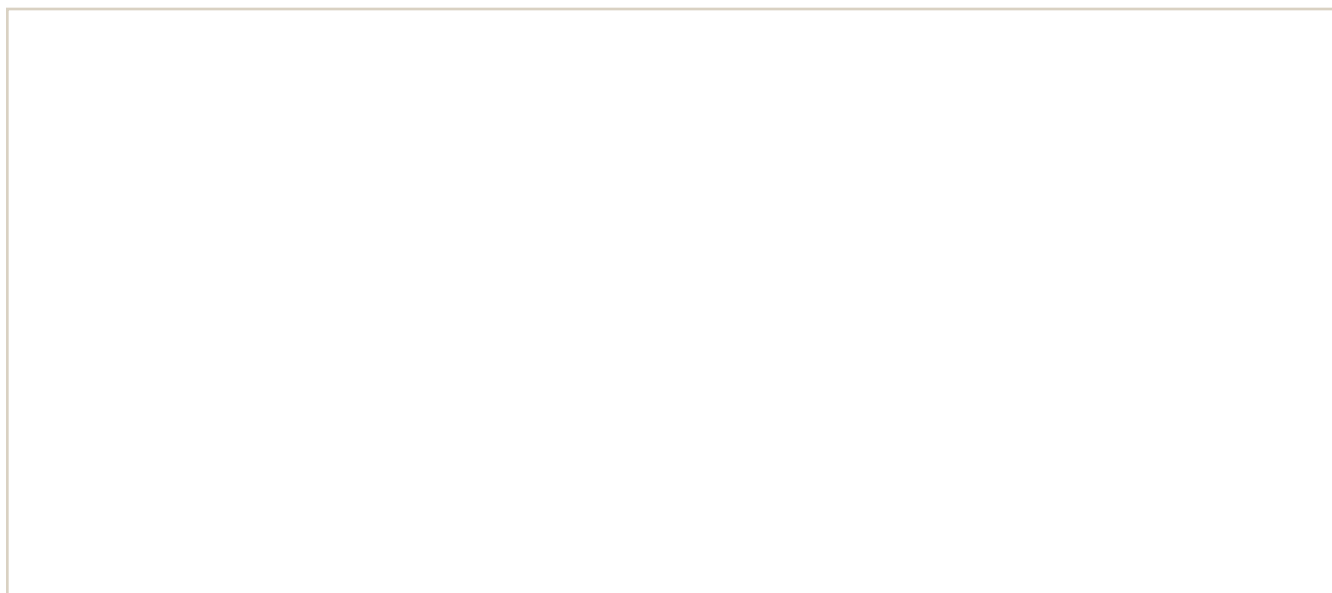

Use it to try merge, extract and compress without your own files.

Q3 report — page 4

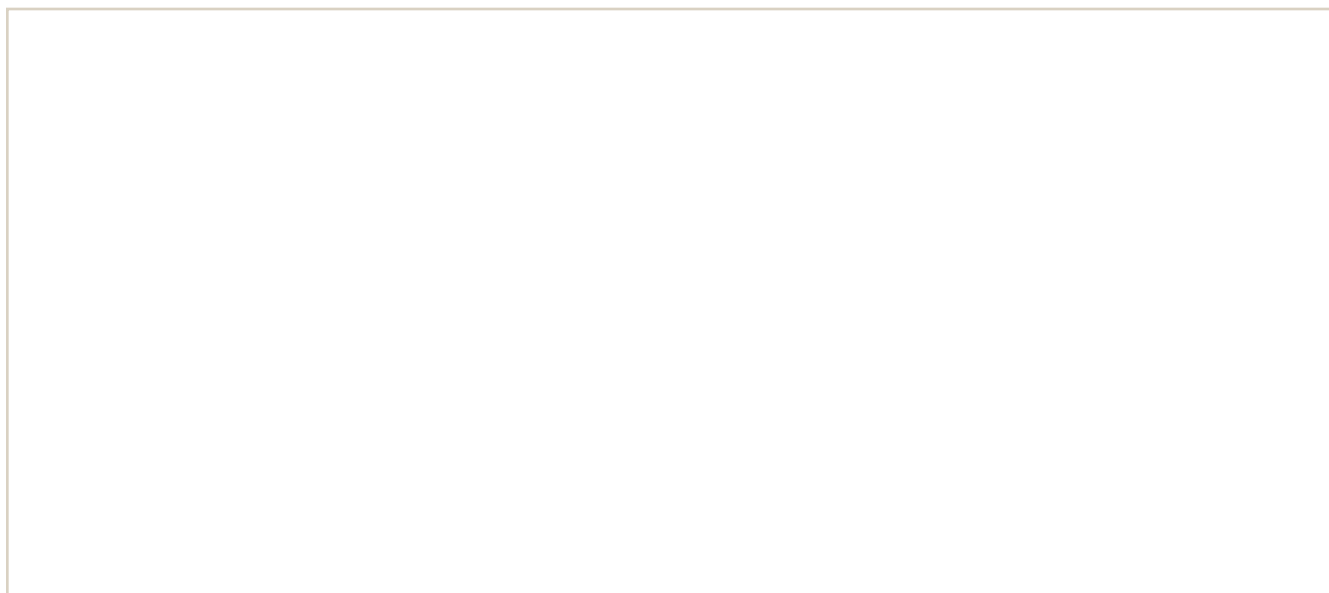

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

Q3 report — page 5

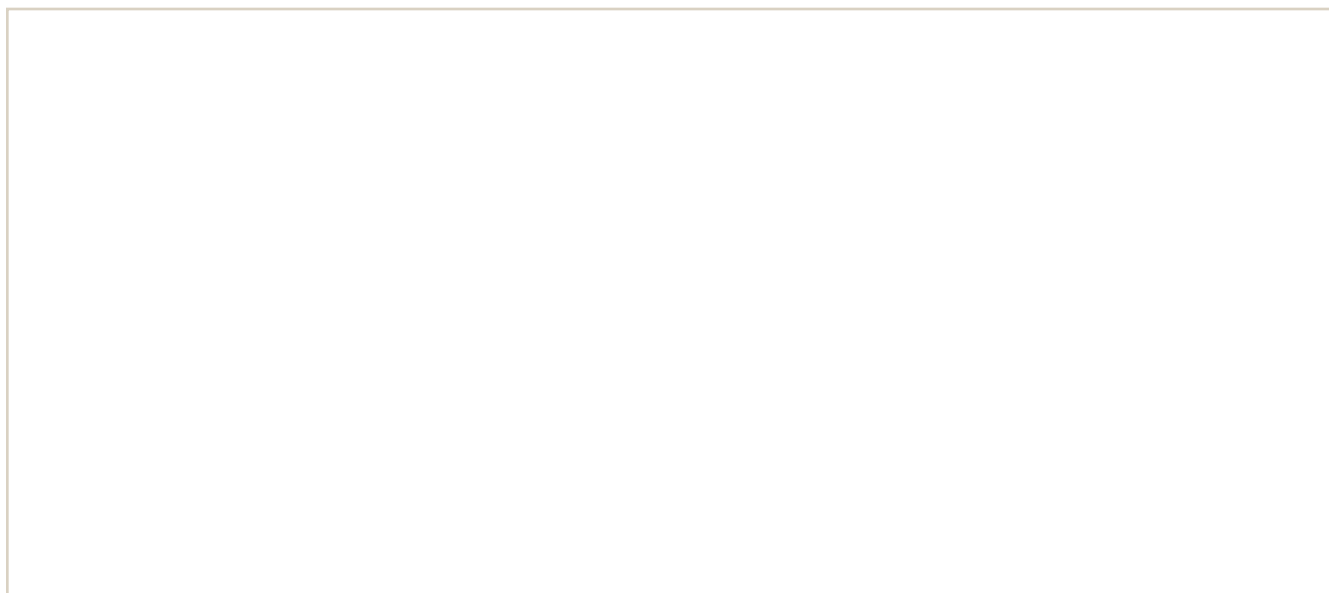

Sample document generated locally for the Bindery demo.

Use it to try merge, extract and compress without your own files.

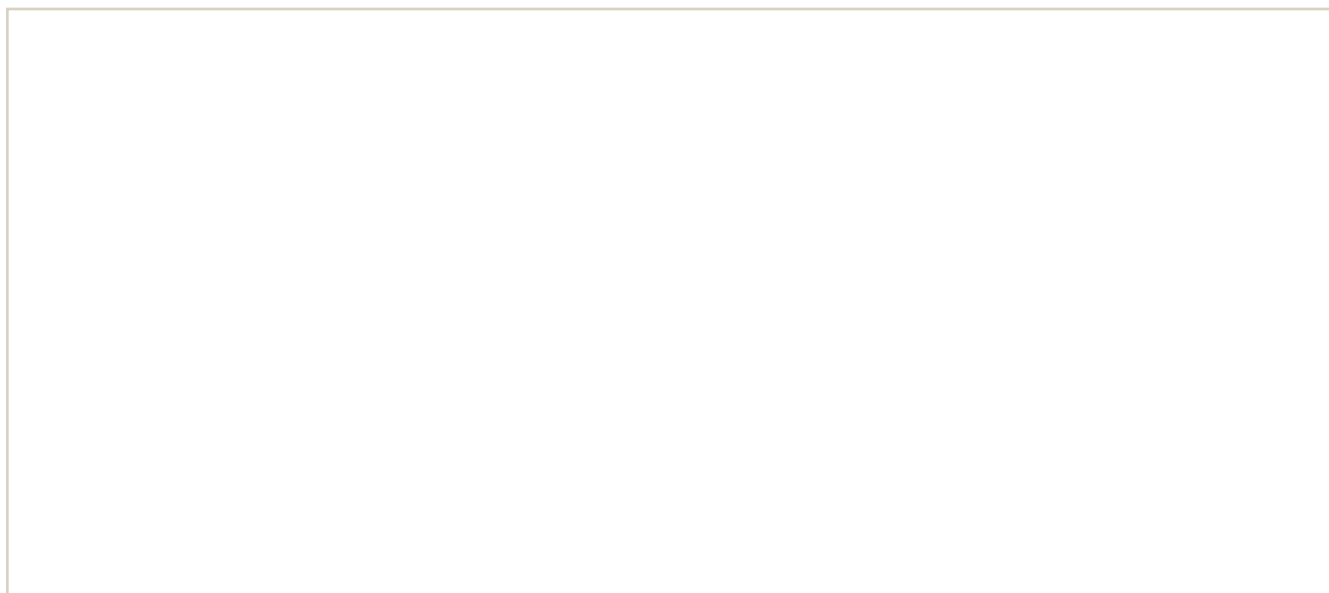

Q3 report — page 6

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

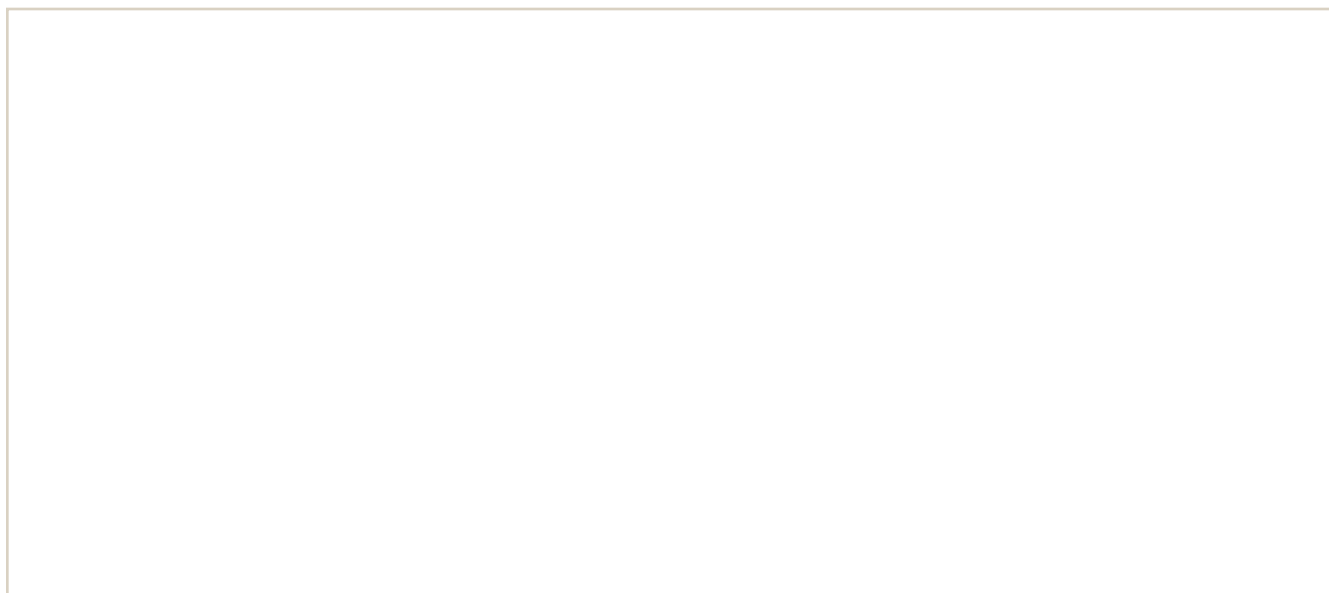

Q3 report — page 7

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

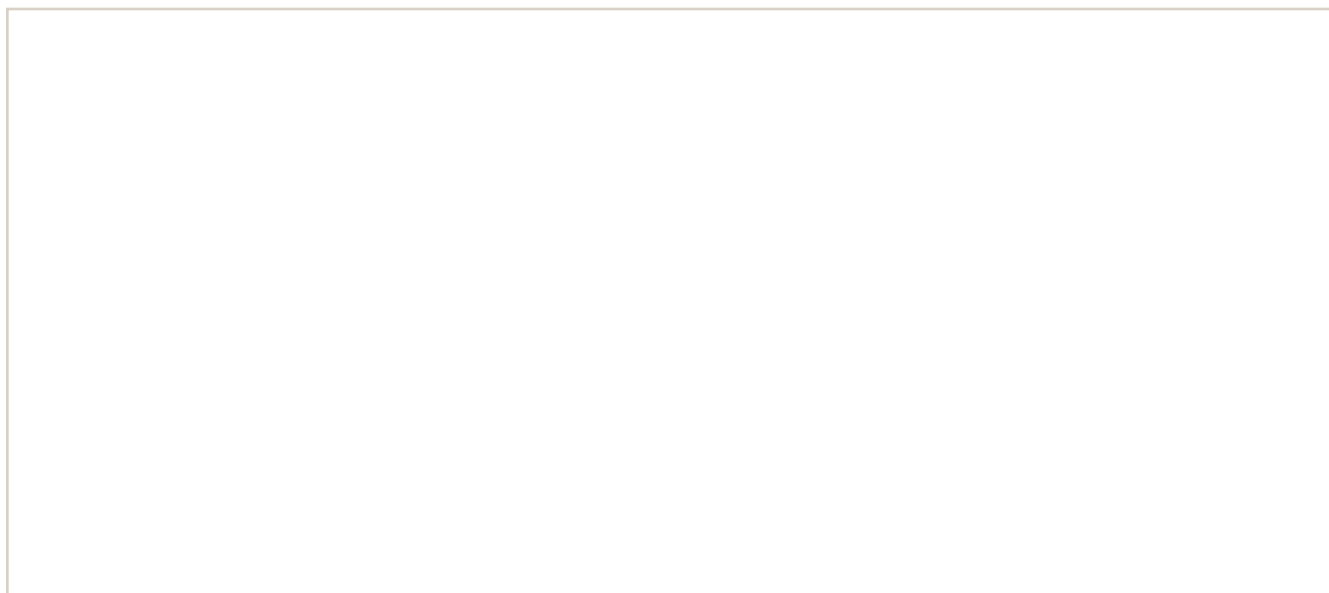

Q3 report — page 8

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

Q3 report — page 9

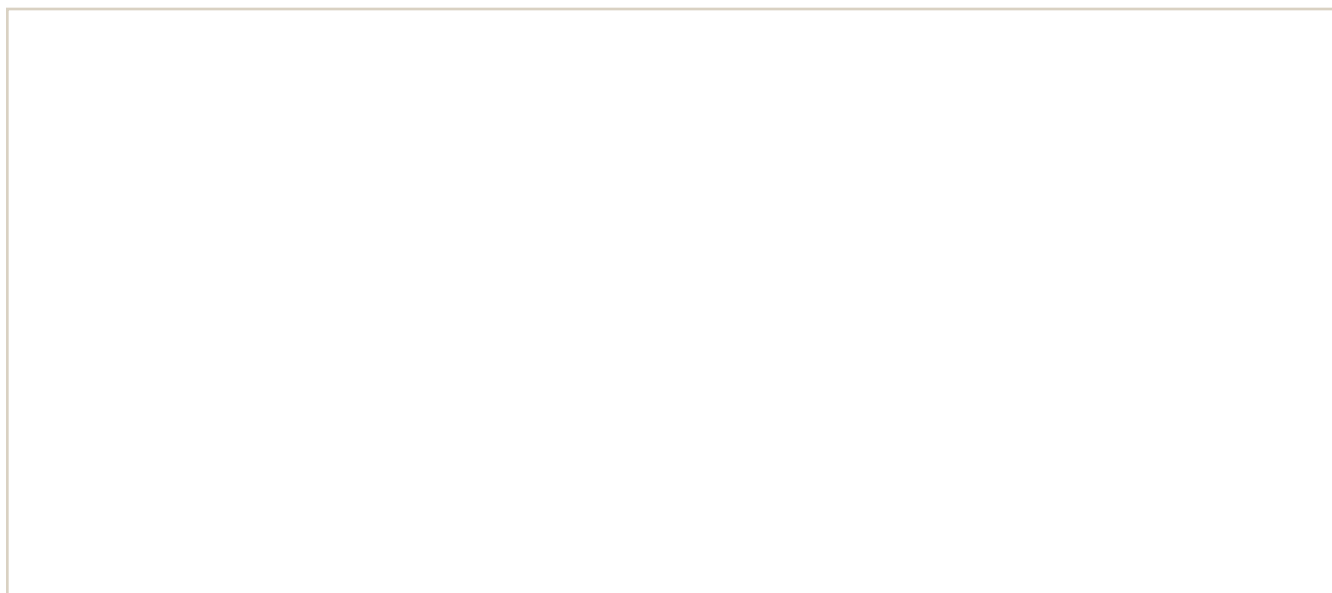

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

Q3 report — page 10

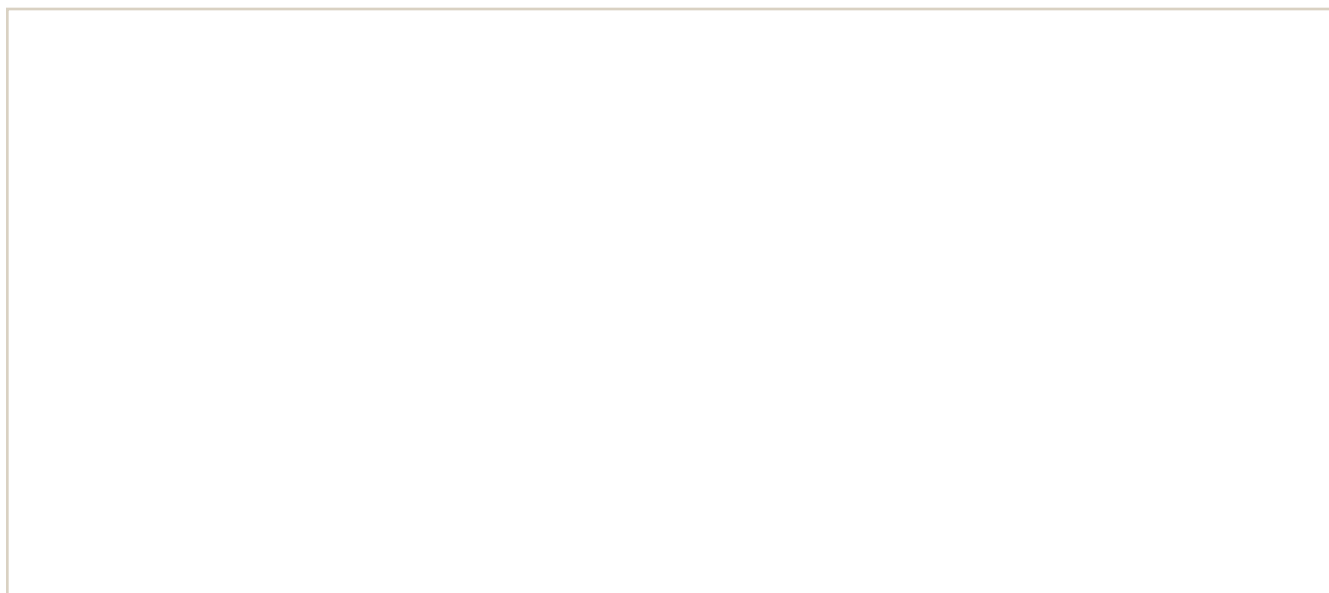

Sample document generated locally for the Bindery demo.

Use it to try merge, extract and compress without your own files.

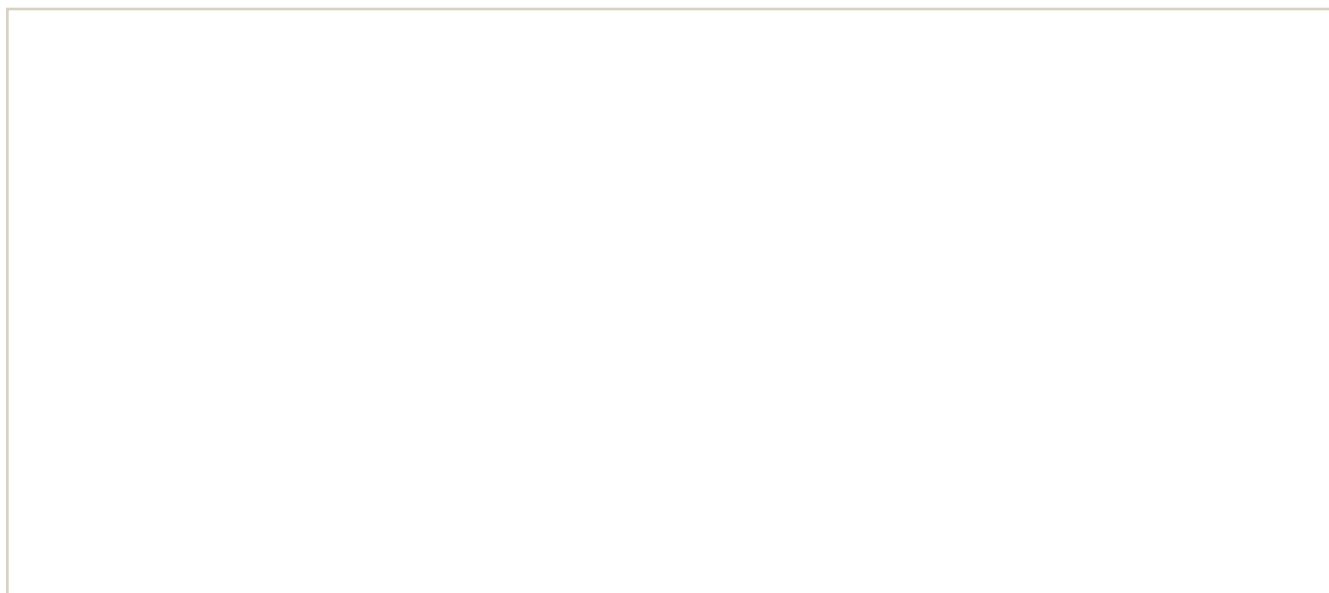

Q3 report — page 11

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

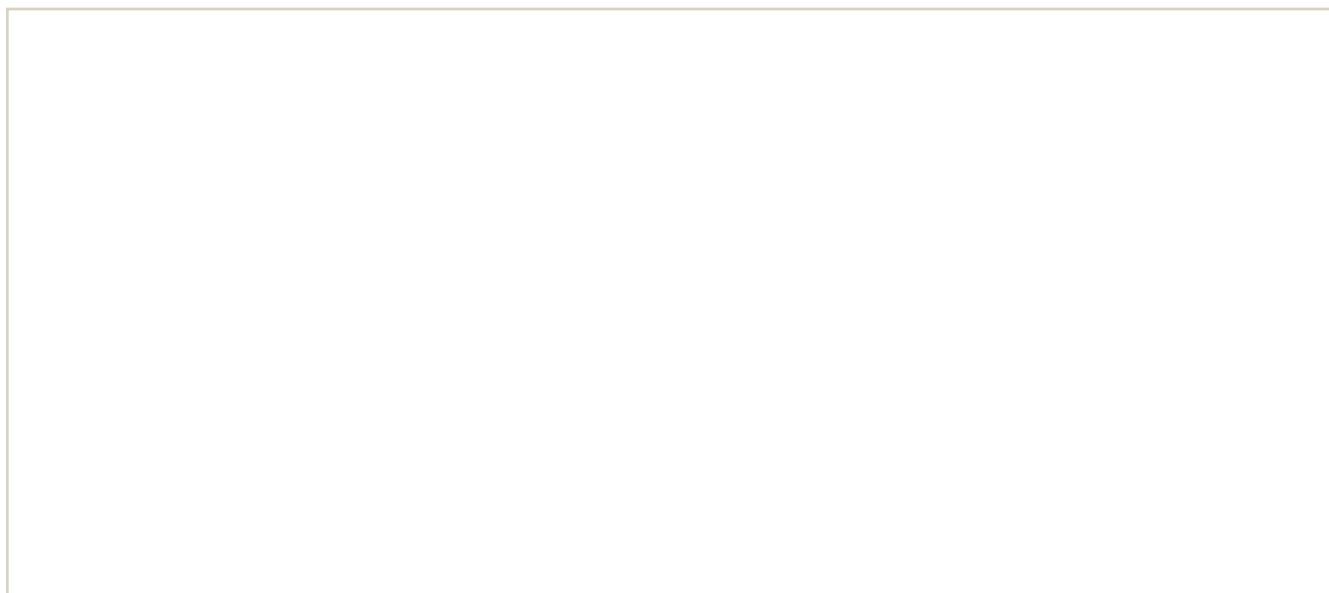

Q3 report — page 12

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

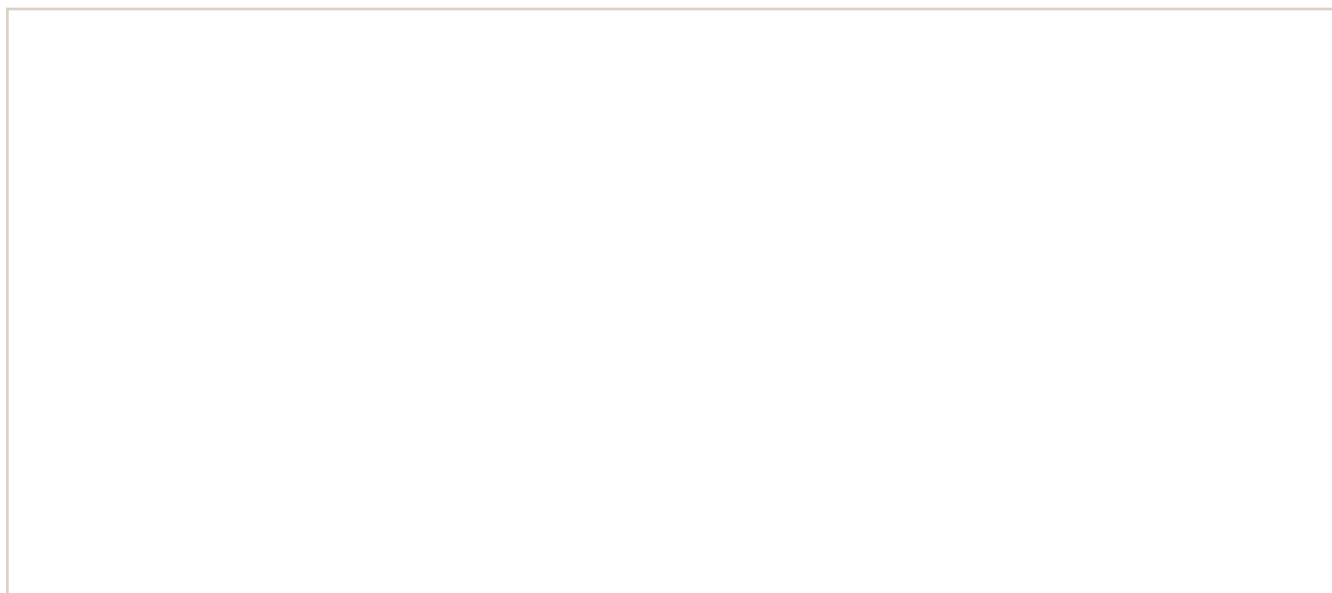

Q3 report — page 13

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

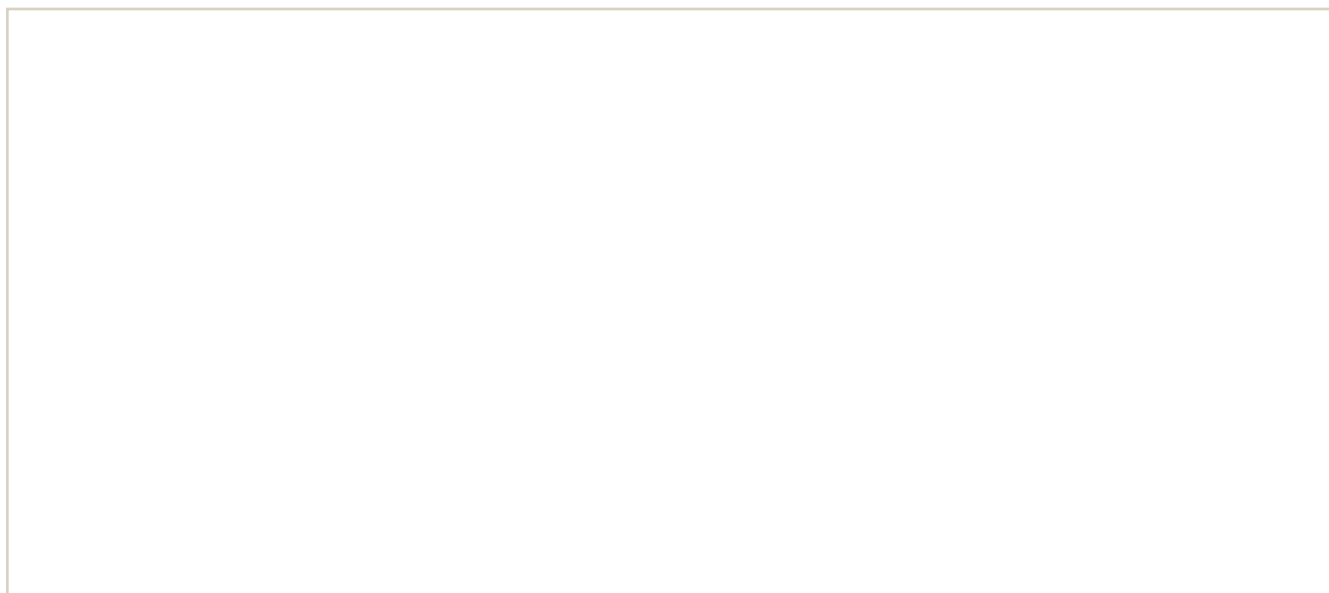

Q3 report — page 14

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

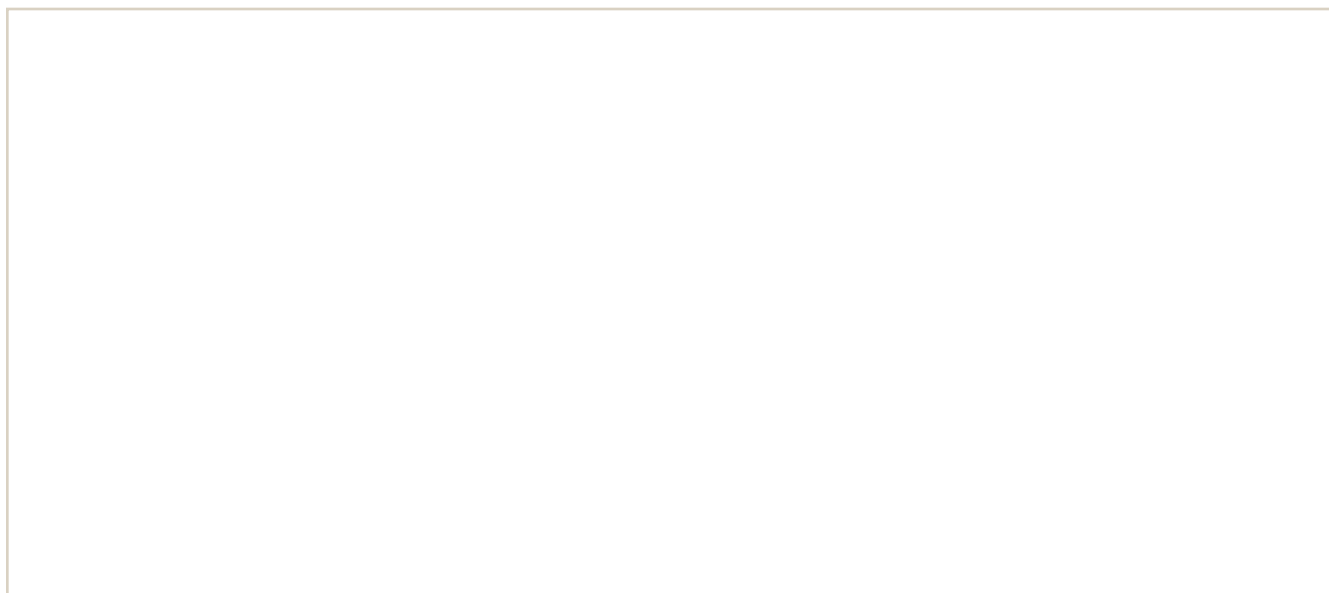

Q3 report — page 15

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

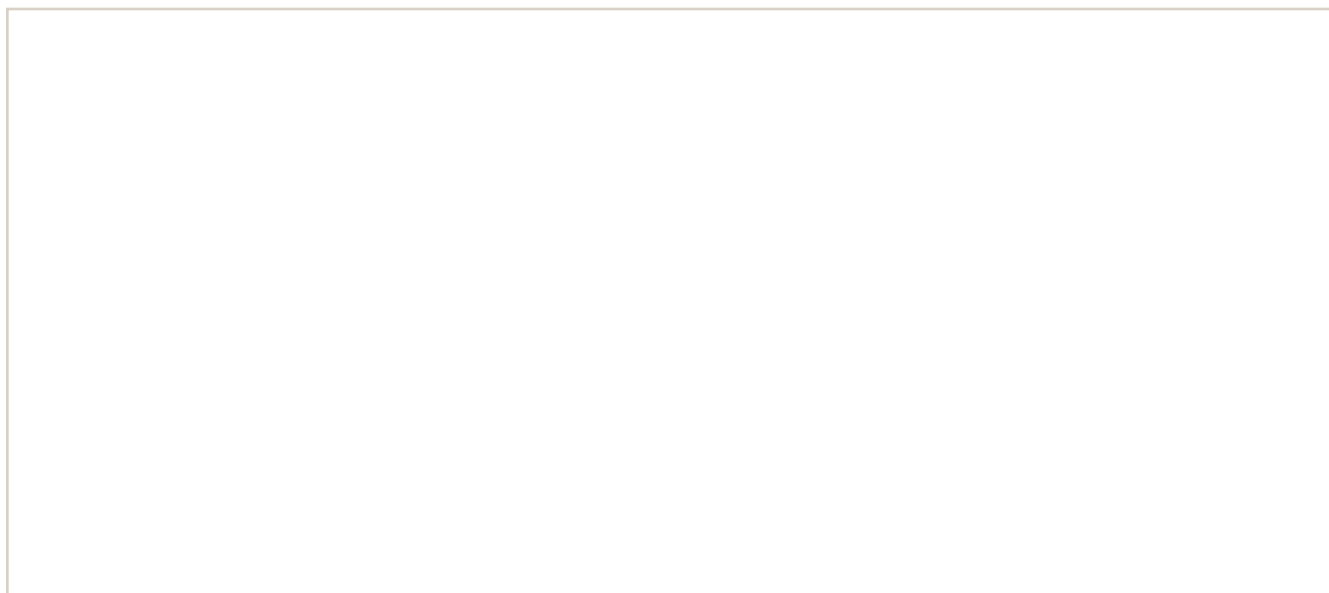

Q3 report — page 16

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

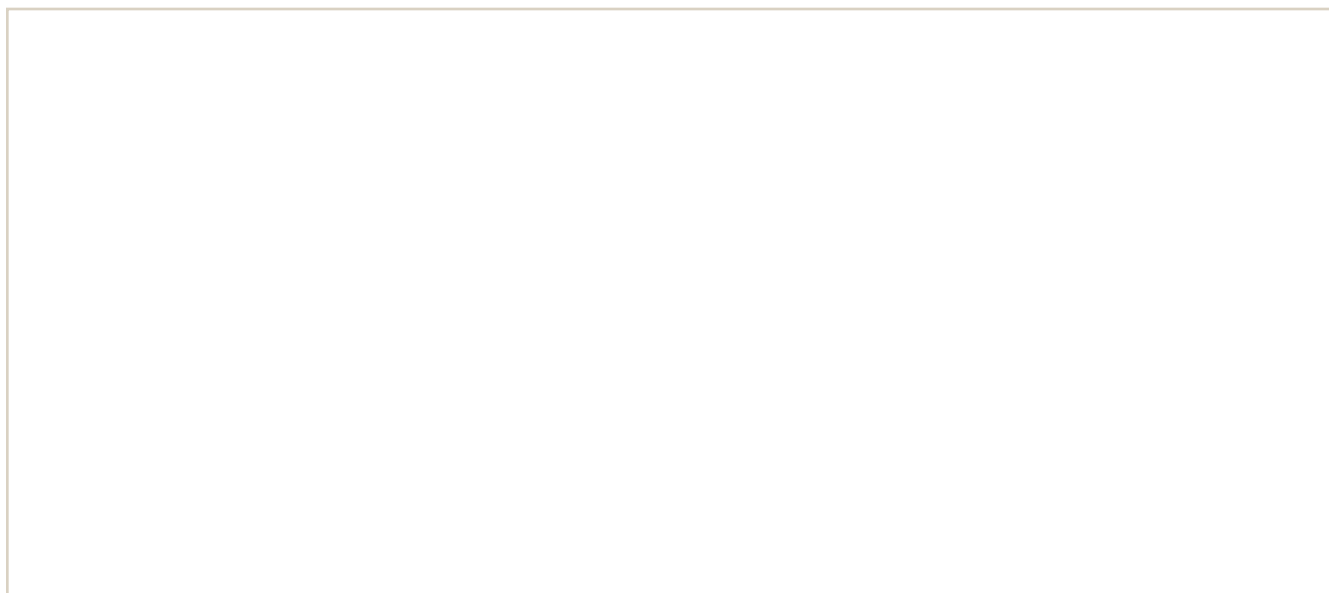

Q3 report — page 17

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

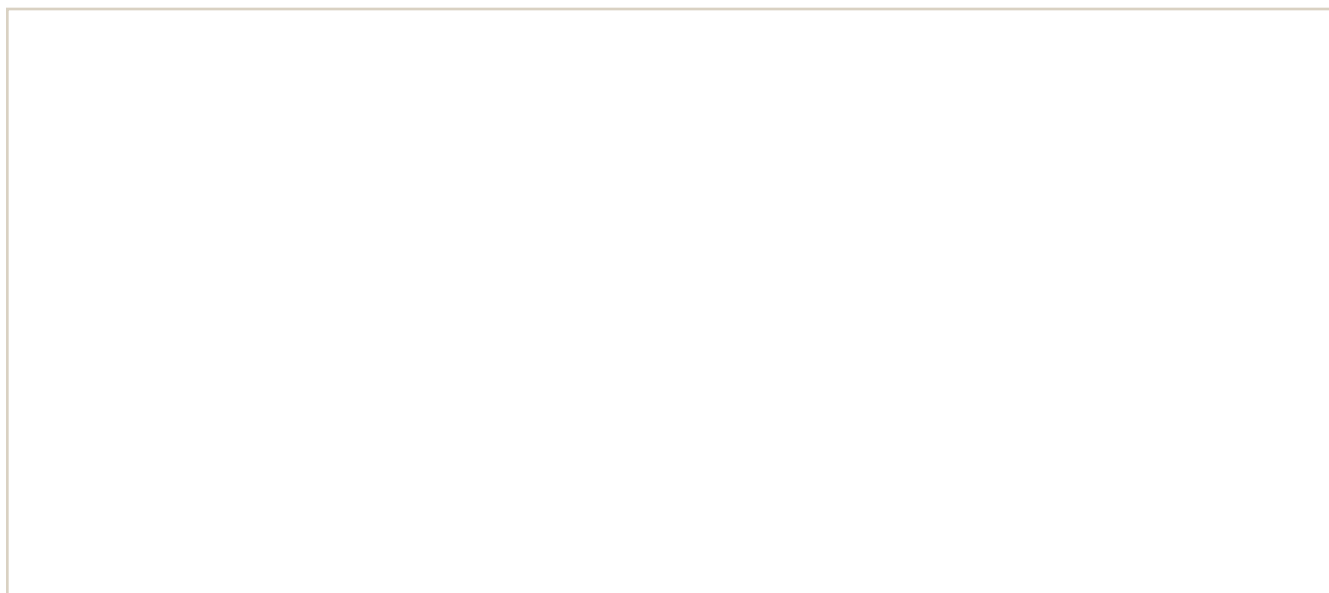

Q3 report — page 18

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

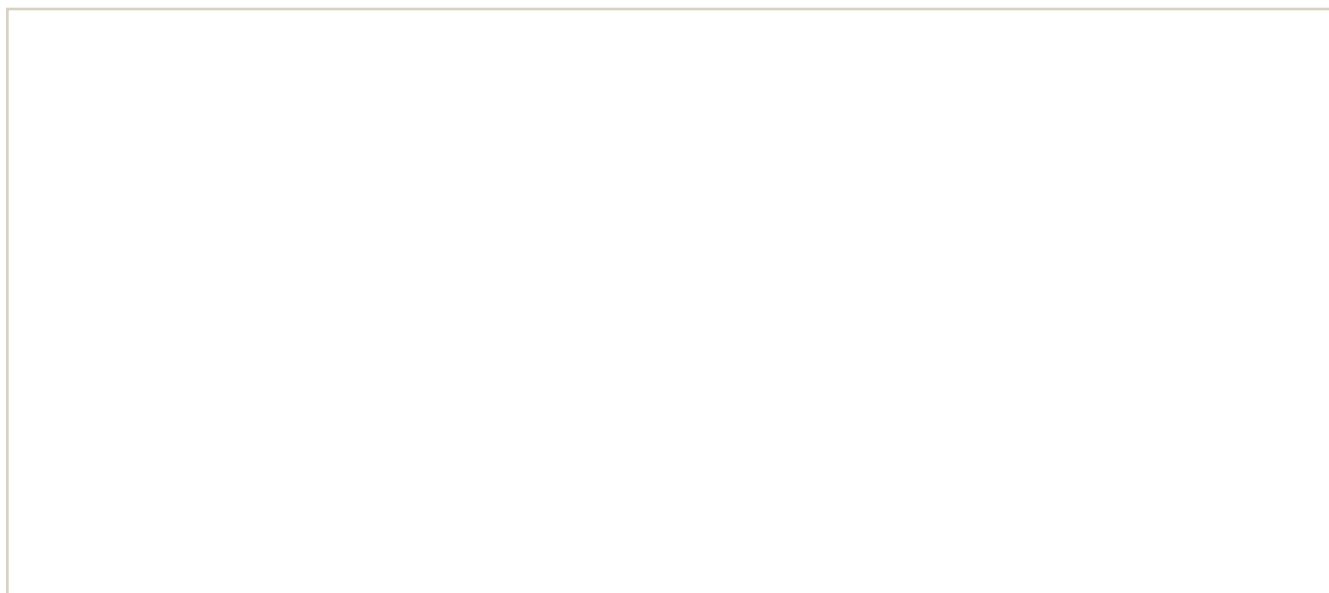

Q3 report — page 19

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

Q3 report — page 20

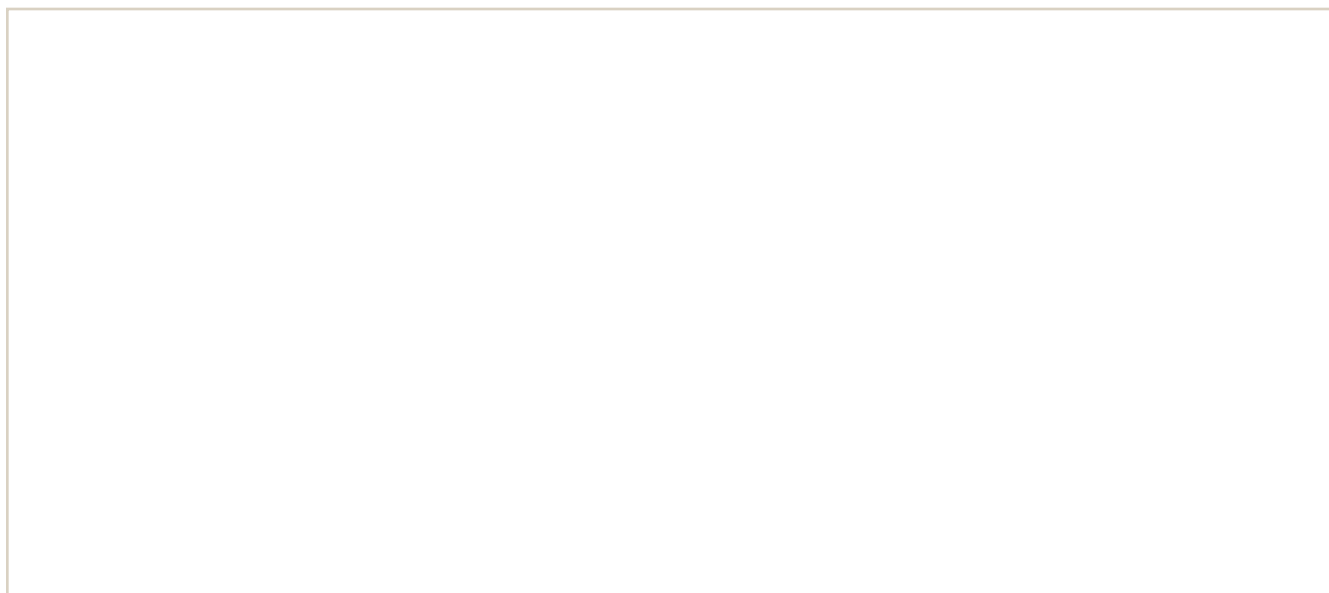

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

Q3 report — page 21

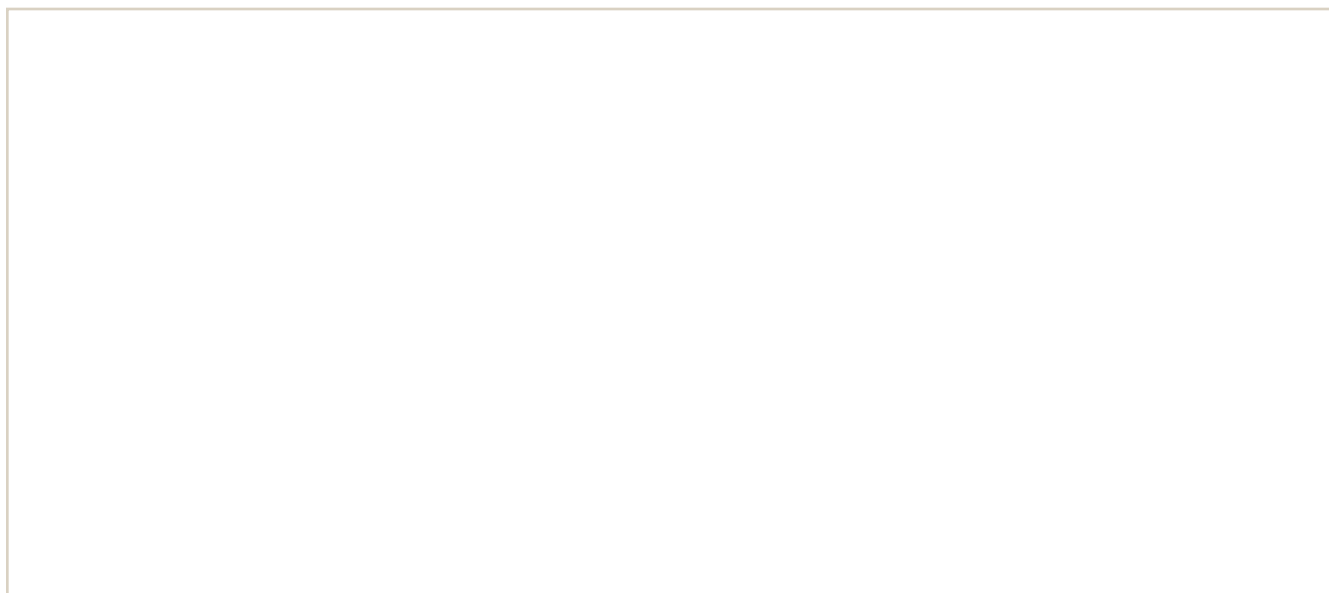

Sample document generated locally for the Bindery demo.

Use it to try merge, extract and compress without your own files.

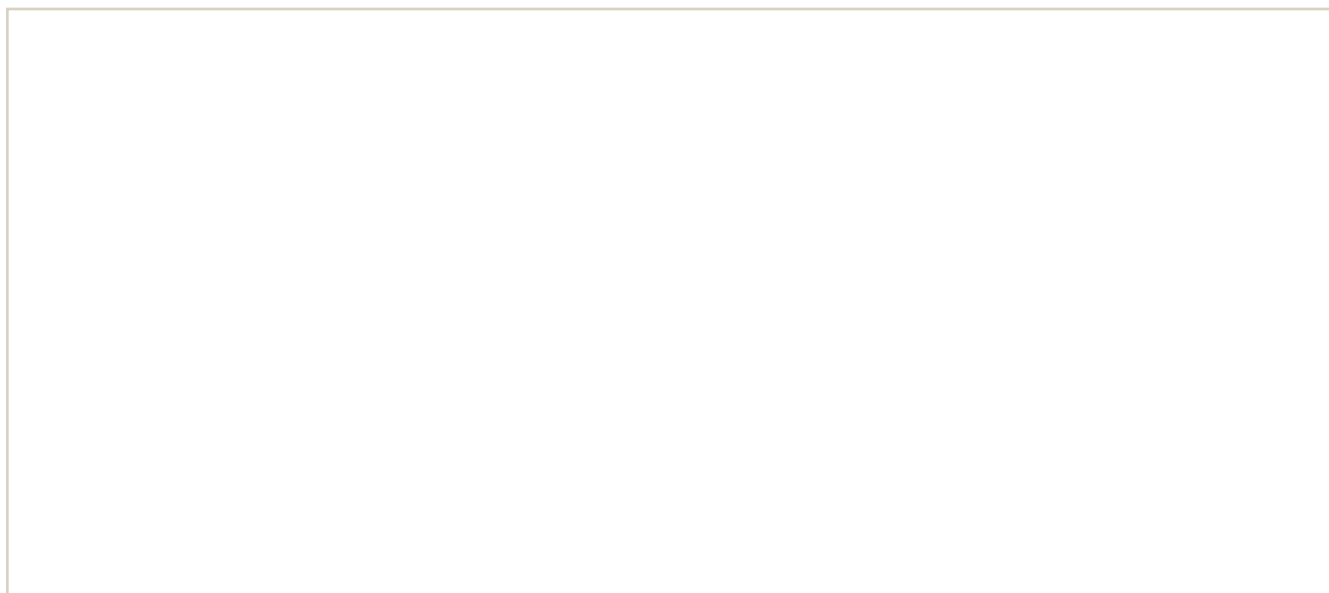

Q3 report — page 22

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

Q3 report — page 23

Sample document generated locally for the Bindery demo.
Use it to try merge, extract and compress without your own files.

Q3 report — page 24

Sample document generated locally for the Bindery demo.

Use it to try merge, extract and compress without your own files.
